### SUMMARY

I am a Computer Engineer from the University of Batangas with strong proficiency in various programming languages, including C, C#, and Java. I have hands-on experience in web design and development using technologies such as JavaScript, Bootstrap, and React.js. Additionally, I have completed Cisco Networking Academy courses and hold certifications in Cisco 1 and Cisco 2, demonstrating my foundational knowledge in networking concepts and practices.

### OBJECTIVES

Aspiring Junior Software Developer with a strong foundation in software development and a passion for building responsive, user-friendly web applications. Skilled in React, Angular, Tailwind CSS, and Microsoft SQL Server, with experience integrating RESTful APIs and developing dynamic front-end interfaces. Eager to gain hands-on industry experience, contribute to innovative projects, and continuously improve technical and problem-solving skills in a collaborative development environment.
